Introduction

This entertaining sentence race game is ideal for practicing sentence word order.

Procedure

Divide the students into teams of three or four.

Give each team balloon number one.

Inside each balloon should be folded word slips that make up a sentence.

When you say 'go', teams try to pop their balloons using only their elbows and then race to form a sentence from the word slips inside the balloon.

The first team to form the sentence and read it aloud scores a point.

Play several rounds.

The team with the most points at the end of the game wins.

You could also play this game to practice spelling and vocabulary by putting letter cards inside each balloon that form a word.
