Introduction

Here is an engaging question and answer game to play with your students.

Procedure

Have the students stand in a circle.

Tell the students to form guns by clasping both their hands together.

Call out a student's name.

The two students on either side of that student then race to shoot the named student.

Ask the slower of the two a question.

If the student answers correctly, they stay in the game.

If not, they are out.

The game continues until there are two students left.

The two students then have a duel to find the ultimate champion.
