Introduction

This is a simple ESL music game to help students practice or review categories of words.

Procedure

Have the students stand in a circle.

Give the students a category, e.g. animals.

Play some music and the students pass the ball to each other.

When the music stops, whoever is holding the ball has to write a word on the board from the category, e.g. elephant.

Then, start the music again.

The next student holding the ball when the music stops has to use the last letter of the word on the board to make another word belonging to that category, e.g. tiger.

If a student is unable to make a word, they are out of the game.

The last student left in the game wins.

Play several rounds, changing the category each time.
