Introduction

This engaging sentence race game can be used with large classes. The game is useful for practicing or revising vocabulary, parts of speech and sentence structure.

Procedure

Divide the students into two teams.

Assign each team member a number.

Call out a number and a word from your word list.

The two students with that number run to the board and try to write a sentence using the word.

The first student to write a grammatically correct sentence containing the word scores a point for their team.

Repeat the game until all the words have been used.

The team with the most points at the end of the game wins.
